

Keep Your Students Engaged with Hands-on Science FUN!

Dig It©

Your junior Geologists will pan for gemstones, test their stone qualities and classify their findings. Kids love their new rock collection!

Edison's Workshop©

This electrifying class will spark your student's imagination. Kids experiment with static and current electricity. We even create lighting!

Jurassic Jr.©

Become a paleontologist & explore the layers of the earth! Handle fossils over 200,000,000 years old and make a replica fossil to take home!

Follow That Planet©

You'll be glowing as we discover space. Journey through the stars & build your own constellation. Make glow in the dark Space Mud!

Forensic Fun©

Students become crime scene investigators as we explore the science of busting bad guys! Fingerprints, dental records and DNA Fun!

Kitchen Chemistry©

Roll up your sleeves for some CHEMISTRY FUN! Make your very own sidewalk chalk. Crazy kitchen concoctions await!

Rain Forest Safari©

Students will explore rainforest stratification as they build their very own rainforest to keep. We also learn about the hidden medicines the forest provides.

The Body Shop©

Students go on a fast paced adventure through the human body. Discover what it is like to be a Pediatrician when we use their tools!

Design Time©

Get ready to build, build build! Students will learn structural design techniques for arches, buildings and bridges. All hands on FUN!

Magnet Makers©

Students discover all the amazing properties of magnetism. Make a compass, electromagnet and explore magnetic fields. A very ATTRACTIVE program!

Volcanoes©

Become a volcanologist and discover the Ring of Fire. Explore the world of volcanoes as we erupt them! Take home your very own piece of magma!

Wacky Water Workshop©

Discover how cool water really is. Make water and alcohol have a tug of war. Stab a pencil through a plastic bag and not spill a drop of water!

Science Made Fun!

*"Five stars ***** across the boards, Excellent programing!"*

Nativity Of Our Lord LC
St. Paul MN

" Our kids just loved it! They didn't want the program to end and have been talking about it all day. The scientists were accommodating, fun and great to work with. We will be booking again soon!"
